

Health

Abuse Reporting Hotlines

How to report child abuse or neglect:

- (866) 829-2153 (Region 2)
- (866) 363-4276 (Statewide) - available 24/7 - (866) END-HARM

Questions that will be asked when you call

- The name, address and age of the child
- The name and address of the child's parent, guardian or other persons having custody of the child
- The nature and extent of the abuse or neglect
- Any evidence of previous incidences
- Any other information which may be helpful in establishing the cause of the child's abuse or neglect and the identity of the perpetrator

You do not need to have all of the above information when you call to make a report, but the more accurate information you can provide, the better equipped the offices will be to assess the child's safety.

Report Elder Abuse/Abuse of Vulnerable Adults:

- Call 877-734-6277 or report online at the link above
 - You will be asked to give the person's name, address, contact information and details about why you are concerned.
 - You will also be asked for your name and number or some way of contacting you if the investigator has follow up questions.
 - Unless there is a court action, law enforcement has been called in, or you agree, your identity is confidential.
 - *If you report in good faith, you cannot be held liable for any damages resulting from reporting.*

Immunizations/Vaccines

	ORGANIZATION	RESOURCES
INFORMATION	Center for Disease Control (CDC): Vaccines	Recommendations and information
