

The Two Local Library Systems

There are two local library systems in Snohomish County. "Everett Public Library" and "Sno-Isle Libraries".

Everett Public Library has two branches in the City of Everett specifically. Every other city in the county relies on Sno-Isle Libraries, which has 23 libraries spreads throughout Snohomish County and Island County as their name implies.

Website Links

Everett Public Library: <https://www.epls.org/>

Sno-Isle Libraries: <https://www.sno-isle.org/>

With that, here are some reasons to go to the library besides borrowing books

- *Borrow movies and TV shows in physical formats as well as audio CDs
- *Reserve rooms for studying, club meetings, and other uses
- *Internet access
- *Tax help
- *Community resource information
- *Printers for public use
- *Register to vote

And more!

Seriously. If you don't have a library card, get one if you can. It's not like you have to buy it. We all pay for the libraries through taxes anyway! ;)
