

The Two Local Library Systems

There are two local library systems in Snohomish County. "Everett Public Library" and "Sno-Isle Libraries".

Everett Public Library has two branches in the City of Everett specifically. Every other city in the county relies on Sno-Isle Libraries, which has 23 libraries spreads throughout Snohomish County and Island County as their name implies.

Website Links

Everett Public Library: <https://www.epls.org/>

Sno-Isle Libraries: <https://www.sno-isle.org/>

With that, here are some reasons to go to the library besides borrowing books

-Borrow movies and TV shows in physical formats as well as audio CDs -Reserve rooms for studying, club meetings, and other uses -Internet access -Tax help -Community resource information -Printers for public use -Register to vote

And more!

Seriously. If you don't have a library card, get one if you can. It's not like you have to buy it. We all pay for the libraries through taxes anyway! ;)
